KLINKER'S CONTINUING EDUCATION LEGISLATION PASSES OUT OF HOUSE

INDIANAPOLIS – Indiana House members have approved State Rep. Sheila Klinker's (D-Lafayette) legislation regarding insurance continuing education for individuals who interrupted their studies to serve in the military.

House Bill 1375 would provide a waiver for continuing education for military personnel who are insurance providers who have had to put their education on hold to come back and finish their educational pursuits. A second reading amendment allows a waiver also for licensure renewals for the period of time when individuals are serving their country.

"The legislation will assist those individuals serving our country to complete their interrupted education upon returning from their service," said Klinker. "The least we can do for servicemen and servicewomen is to provide them with an opportunity to finish their continuing education after they arrive home."

The measure was passed 92-0 and will now move to the Senate for consideration.
